

## Cremation Services and Product Pricing

The Humane Society of Oakville, Milton & Halton provides cremation services for your deceased pet. We use a third-party company (<https://www.gatewaypetmemorial.com/>) to care for your needs during this difficult time.

There are two options available: communal cremation and an individual cremation. With an individual cremation you receive your animal's ashes back and with a communal cremation you do not.

The ashes are stored in your choice urn. The urn will be fitted to the size of the pet. There is also keepsake paw print of your beloved pet available as well.

To view the other products offered, please click the following link:  
<https://www.gatewaypetmemorial.com/memorial-products-ontario/>
